dj turn it up up up
just knocked back some shots so fill up my cup cup cup
Im in my zone and I need to get down down down down
looking for the sexiest around round round round
around
got me losing my mind
and I cant control it
taking over my body
man I can feel it
if this is wrong I don't wanna be right
I know I cant resist Imma give up the fight
she filled her drink up
and then she drank it down
she put her hands up
she getting naked now
we love them dirty lil freaks
we love them dirty lil freaks
shake that ass a little more just drop it
move that booty for daddy baby just pop it
its a quarter to 3 the club is close to closing
so if you're coming with me then lets do it
got me losing my mind
and I cant control it
taking over my body
man I can feel it
if this is wrong I don't wanna be right
I know I cant resist Imma give up the fight
she filled her drink up
and then she drank it down
she put her hands up
she getting naked now
we love them dirty lil freaks
we love them dirty lil freaks
