HEART BREAK IS AN ADDICTION:

Written By: Gabe Lustman

I never thought my life would be like this
21 years with no relationship
That I can say has lasted longer than a year (longer
than a year)

It's killing me inside cuz I know why
It never works still I say that I've tried
But I'm always just making up excuses

It happens the exact same way every-time
The end starts creeping closer play it out in my mind
It's almost like I knew this would happen all along
And that I enjoy the struggle to be strong

I'm not saying that it's fun to cry
Or that I even entertain that type of drama in my life
But things like this don't happen to anybody else
Heart Break Is An Addiction and I'm finally gonna think
about myself

I can't believe that this happened again
Just like the last time it wasn't my fault
Why did she, do me dirty like this (dirty like this)

For the first time I think of myself
As the one who might've done things wrong
But I know that's completely impossible (completely
impossible)

It happens the exact same way every-time

The end starts creeping closer play it out in my mind
It's almost like I knew this would happen all along
And that I enjoy the struggle to be strong

I'm not saying that it's fun to cry
Or that I even entertain that type of drama in my life
But things like this don't happen to anybody else
Heart Break Is An Addiction and I'm finally gonna think

about myself

I think that it's time for me to decide
If this is the way that I choose to live my life (choose to
live my life)
No more going back and reliving the past
Instead I'm gonna look ahead, Cuz I don't wanna do
this to myself

I'm not saying that it's fun to cry
Or that I even entertain that type of drama in my life
But things like this don't happen to anybody else
Heart Break Is An Addiction and I'm finally gonna think
about myself

(Self, Self, Self)
Heart Break Is An Addiction and I'm finally gonna think
about myself
Cuz it's not your fault girl
Heart Break Is An Addiction and I'm finally gonna think
about myself
