You're staring at me I'm staring at you wondering what
do we do
I fell in love with a friend when the feelings began I
don't want it to end
I'm staring at your pictures on the wall waiting patiently
for you to come
home
cause girl you are the reason that I live and the reason
that I give all I
own

I can't get away because something's holding me back
and it won't let
go
I can't get away blood pressure raising heart racing I'm
pacing I'm pacing
the floor
I can't get away
I can't get away
I can't get away way way
I can't get away way way way
I can't get away

I can't seem to get away to me girl it's so mundane I'm
tapped inside and
maze and girl I can't get away
your love's driving me insane emotions all through my
veins
your eyes are like heaven I wanna get through the
gates
I can't wait until I escape so I can come running to your
love

there's something about your love that's got me going
crazy in my head

I can't get away because something's holding me back
and it won't let
go
I can't get away blood pressure raising heart racing I'm
pacing I'm pacing
the floor

i cant get away
i cant get away
i cant get away way way
i cant get a way way way
i cant get away

at the end of our journey we will unite as one (under the
sun)
then we will reveal that we are meant to be together
yea
oh..ohhhhhhhhhhhhhh

i cant get away because something's holding me back
and it wont let
go
i cant get away blood pressure raising heart racing im
pacing im pacing
the floor
i cant get away
i cant get away
i cant get away way way
i cant get a way way way
i cant get away
