Ever since the day you left me girl nothing's ever been
the same
All the sleepless nights that I've spent alone I wake up
calling your name
Do you ever think about me girl the way I'm thinkn bout
you
A girl like you comes once in a life oh my God what did
I do

Can't eat, cant sleep, can't think everything just up and
changed
When my worlds turned upside down and I'm fighting
the pain I just can't do
a thing
Tell me girl is there someone new please tell me cuz I
gotta know
Does he sex you the way that I sexed ya what we had
was so special

Inside I'm stuck no showers don't wanna wash away
your last touch
Don't go to church no more cuz everybody knows your
name

Can't eat, cant sleep, can't think everything just up and
changed
When my worlds turned upside down and I'm fighting
the pain I just can't do
a thing
Tell me girl is there someone new please tell me cuz I
gotta know
Does he sex you the way that I sexed ya what we had
was so special

Trying not to think about you only got me missing you
more
It's taking every bit of my energy not to pick up the
phone

Can't eat, cant sleep, can't think everything just up and
changed
When my worlds turned upside down and I'm fighting
the pain I just can't do
a thing
Tell me girl is there someone new please tell me cuz I
gotta know
Does he sex you the way that I sexed ya what we had
was so special
