You and I are different and I know why  
You are not completely there and you  
Wonder why you don't cry

If you open up you'll see it's a new life  
Wonder why you wonder why you're numb

I never liked to think or feel so you  
Don't now  
Never missed a thing you think but you  
Wonder why you're not happy

If you open up you'll see it's a new life  
Wonder why you wonder why you're numb

Until you hate you will never know  
What love is  
Until that day you will never feel  
A thing yeah

If you open up you'll see it's a new life  
Wonder why you wonder why you're numb  
You wonder why you  
Wonder why you're numb you  
Wonder why you wonder why you're  
Numb
