(Intro)

One more night  
It's all I ever needed  
One more night  
It's all I ever needed  
With you

(Chorus)

One more night with you  
It's all I ever needed  
Like a river to the sea  
You will follow, follow me  
One more night with you  
It's all I ever needed  
Only once will never be  
Never be enough for me  
Oh oh oh oh  
One more night  
Never be enough for me  
Oh oh oh oh  
One more night

(Verse)

Hold on tight, there's no letting go  
We going all the way tonight, going all the way  
With no limits, just passion and love  
Let's make love until the morning light

(Interlude)

Only you can make me feel this way  
Only you can make me feel this  
You're my sweet, sweet love

(Chorus)

One more night with you  
It's all I ever needed  
Like a river to the sea  
You will follow, follow me  
One more night with you  
It's all I ever needed  
Only once will never be

Never be enough for me  
Oh oh oh oh  
One more night  
Never be enough for me  
Oh oh oh oh  
One more night

(Interlude)

And I just need your eyes, don't need your lies  
I need your heart on my love  
And I just need your eyes, don't need your lies  
I need your heart on my love

(Verse)

I need you by my side  
We'll make love tonight  
From dawn to morning light  
Give me give me tonight

We'll make love tonight

(Chorus)

One more night with you  
It's all I ever needed  
Like a river to the sea  
You will follow, follow me  
One more night with you  
It's all I ever needed  
Only once will never be  
Never be enough for me  
Oh oh oh oh  
One more night  
Oh oh oh oh  
One more night
