It's 3am and I'm not tired...
I lie awake I'm so inspired...
You gave me just what I need, needed.
I'm not quite sure what we're doin'...
Don't know what it is but I'm pursuin'...
I've been waitin', oh so long for... somethin', someone,
like you to come along.

(Chorus)

Now I know why everything that I try...
Fell to the floor because you were in store.
There was always a reason...
And the reason is you, oh it's you.

From what you're tellin' me I'm thinkin'...
You feel like something is missin'...
I could be that piece you think that you need.
I'm not sure you see what I see... but I'm seeing
something special...
There's something blue and in the distance wonder if
we'll get there.
I've been waitin', oh so long for... somethin', someone,
like you to come along.

Chorus

Now I know why... stars are as bright in the sky...
Cause the light that I saw in your eyes gave me
something...
And so I feel so renewed, feeling each time that I'm
with you
Now I know why
