ohhh ohhhh
yeahhhh yeah yeah
do do do do do do do-do
ohh yeah

got your voicemail that you left
and it's steady on repeat
why am I so obsessive
still wishing we could be
and I know it makes no sense
cos of what you did to me
was the most bullshit someone could ever do

it's ridiculous
it's been months
for some reason I just
can't get over us
was I always in denial
but enough is enough
no more sitting here thinkin bout you
thought I could get over you but I don't know how to do
it

and I'm so sick of love songs
so tired of tears
so done with wishing you were still here
said I'm so sick of love songs so sad and slow
so why can't I turn off the radio

iphone steady getting calls
but it don't matter at all
I tried to jump but I just can't fall
so I stay rejecting calls
I just miss those 3 little words (I love you)
is the part that hurts the worse
can I never find someone like you again

and I'm so sick of love songs
so tired of tears
so done with wishing you were still here
said I'm so sick of love songs so sad and slow
so why can't I turn off the radio

leave me alone
to claim my top thrown
no more thinkin bout our sex
I know I did it better than the rest
how I put those thoughts to bed
for the very last time

and I'm so sick of love songs
so tired of tears
so done with wishing you were still here
said I'm so sick of love songs so sad and slow
so why can't I turn off the radio

no no no
and I'm so sick of love songs
so tired of tears
so done with wishing you were still here
said I'm so sick of love songs so sad and slow
so why can't I turn off the radio

said I'm so sick of love songs
so tired of tears
so done with wishing you were still here
said I'm so sick of love songs so sad and slow
so why can't I turn off the radio
why can't I turn off the radio
