You're in my headlights,
Cause baby you look so right!
And I wanna take you home tonight
Give you something for your appetite, oh, oh.

Bridge:
If you say yes, we'll leave the club
Right now that's all I'm thinking of
With your clothes thrown up in the air

Chorus:
We could have some fun,
Cause the night is far from over!
Baby, you're the one
Give me a sweet hangover, oh, oh!
Give me a sweet hangover, oh, oh!
Give me a sweet hangover, oh, oh!

Taking the scenery, make your body right here next to
me
Feels like the room is spinning, but who cares
When you make it over there!

Bridge:
If you say yes, we'll leave the club
Right now that's all I'm thinking of
Don't think about the morning
When the night belongs to us!

Chorus:
We could have some fun,
Cause the night is far from over!
Baby, you're the one
Give me a sweet hangover, oh, oh!
Give me a sweet hangover, oh, oh!
Give me a sweet hangover, oh, oh!

I wanna wake up right next to you,
And the sight we'll be beautiful
I'm still drunk of the night before!
Even through my shades in the..

I will remember every minute I spend with you
In my mind I keep playing it over
It's the sweetest thing over!

Chorus:

We could have some fun,
Cause the night is far from over!
Baby, you're the one
Give me a sweet hangover, oh, oh!
Give me a sweet hangover, oh, oh!
Give me a sweet hangover, oh, oh!
Give me a sweet hangover, oh, oh!
Give me a sweet hangover, oh, oh!
Give me a sweet hangover, oh, oh!
