I feel the bass running through my body  
and I feel the rhythm taking control  
Im in my own zone (and its crazy)  
aint been here so long (but it feels so right)  
lets keep it going (don't stop no)  
until the morning cuz I love this feeling  
I just wanna dance when im under the lights  
be free to dance lets bring this party to life  
tell the DJ don't stop cuz im going hard  
under the lights under the lights  
woah (I I Im going under)  
woah (I I Im going under) 2x  
Im one with the beat when I move my feet  
the flashing of lights makes me wanna dance like this  
forever  
Im in my own zone (and its crazy)  
aint been here so long (but it feels so right)  
lets keep it going (don't stop no)  
until the morning cuz I love this feeling  
I just wanna dance when im under the lights  
be free to dance lets bring this party to life  
tell the DJ don't stop cuz im going hard  
under the lights under the lights  
woah (I I Im going under)  
woah (I I Im going under) 2x  
Im in my own zone (and its crazy)  
aint been here so long (but it feels so right)
