3 am and its bout that time
to get outta here im tryna make her mine
but something is different
she's just not like all the other girls
I cant resist the feeling of her touch
a beautiful bliss
its kinda crazy cuz I barely know her name but she's so
amazing
I cant get away
And now her bodys calling me
so imma answer
cuz when she put it on me
theres no doubt about it
I feel weakness of the body
feel weakness of the body
feel weakness of the body
cant get enough
I feel weakness of the body
feel weakness of the body
feel weakness of the body
cant get enough
just one dose is all I need
your touch feels like its ecstasy
feel weakness of the body
feel weakness of the body
cant get enough
