Coffee and cigarettes are my only escape
I got my cup of Joe, my pack of stokes
And I'm on my way down town
To set up shop, and sing my cares away
So won't you sing with me
Cause it's cold outside, and I'm feeling kinda lonely

Friday nights are always the same in this town
I'm looking up, but I'm feeling kinda down
So I'll light this cigarette, and smoke the night away
And I'll hope that saturday will be the day
When everything feels okay

Ba da da da Ba da da da da
Ba da da da da da da da da

Coffee and cigarettes are best when shared with you

We'll go to Waffle House or your mom's house
And share a cup or two
Yeah I have friends, but they have friends
And they have parties and I'm so akward
So whatta you say, just as friends, we see a movie
This weekend, alright? -Okay

Friday nights are always the same in this town
I'm looking up but I'm feeling kinda down
So I'll light this cigarette, and smoke the night away
And I'll hope that saturday will be the day
When everything feels okay

Ba da da da Ba da da da da
Ba da da da da da da da da

[I'm trying to quit smoking.]
