If you're looking for me
I suggest you look in the last place
That you will ever find me cause I'm going out with all
my friends tonight
for once
And if you can do one whole thing then I suggest you
go out too
And smile up a storm
Cause we're all as sad as you think that you are
So just smile
Cause I've been
looking up looking down looking side to side
Wonderin why this world is the way it is and why my
mama cries
Every night I'm trying to rest my head on the floor, half
stoned thinking damn this shit gets old
And if you have a problem I thoroughly suggest you
look within
Before you go and blame someone who's been
blaming someone else their whole life
And I know we all got problems but we got a bigger
problem, we can fold it into pieces and our power hides
the knowledge we've been working our whole damn
lives, but for what?
For them

See I've been looking up looking down looking side to
side
Wonderin why this world is the way it is and why my
mama cries
Every night I'm trying to rest my head on the floor, half
stoned thinkin damn this shit gets old

lalalala
