I could go anywhere, but all I want to do,
is lay back here with you
and grow a love so true.

And make you breakfast and lunch and dinner
and waste our whole damn lives
just bein sinners.

Cuz I got time, you got time
and I got dreams and you got dreams
so lets just lollygag around
and hope and dream
for bigger things.

So baby dont you cry your tears no more
cuz I'm here and im yours
I'm in love ooo-eh-oo
I'm in love ooo-eh-oo
I finally found someone new
that someones you ooo-eh-oo
that someones you ooo-eh-oo
