Oh, I know that I am here
and you are there
but we still have our love.
We move just like the moon and sun.
The sun comes up the moon rolls down
a world apart but they don't make a sound.
They know their love spins us round.

I've been to heaven, I've been to hell,
I've been to Vegas, and God knows where,
but nothing feels like home like you babe
I love you more than you will ever...

Oh, I've got my car and my guitar
a couple pills a couple scars.

I made a wish on a lonesome star.
Star oh star, you shine so bright
won't you grant me one small wish tonight,
that I won't die on this destructive path of mine.

I've been to heaven, I've been to hell,
I've been to Vegas, and God knows where,
but nothing feels like home like you babe
I love you more than you will ever know
ohhh ohhh oh
Than you will know oh ohhh
Dear I love you more than you will ever know

:))))
