A'One two three four

And hey there lovely lady bug  
You got another thing comin' if you think your loved  
You're just another little toy in this game of lust  
That boy is cheatin' on you

Hey there small town beauty queen  
That sneaky little devil aint comin' clean  
I know that you have just met me  
But girl, you gotta believe me

That I can't believe  
That the girl I saw two months ago  
Is right in front of me  
You took the chance to take my name  
And I, couldn't see  
Just what you thought you saw in me  
But obviously, It stuck  
And hey there little miss diamond ring  
Is he all that he's cracked up to be  
I find it so hard to believe  
'Cause girl, you just can't smile

And I know I am such a creep  
Callin' twenty-four hours, seven days a week  
But I got somethin' to say,  
I got somethin' to say,  
I got somethin' to say to you!

That I can't believe  
That the girl I had one year ago  
Is right in front of me  
You took the chance to take my name  
And I, couldn't see  
Just what you thought you saw in me  
But obviously, It stuck
