I've got sunshine on a cloudy day,
I've got a lovely little lamb inside my brain.

I got you and me that's a family.
Lets sail the seven seas and see what we sea
Cause life is silly if you see like me,
So please don't take life so seriously

I've got you and me that's a family
Lets sail the seven seas and see what we

Ahh, ahh, ahh.

Cause life is so hard to explain,
I got chemical swirls in my brain.

I got you and me that's a family.
Lets sail the seven seas and see what we sea
Cause life is silly if you see like me,
So lets play pretend and make believe

I got you and me that's a family
Lets sail the seven seas and see what we

Ahh, ahh, ahhh.
Ahh, ahh, ahhh.

Cause life is just a melody
So why don't all the pissy people go ahead and sing it
with me
Everybody sing it with me
Life is just a melody
So why don't all the pissy people go ahead and sing it
with me, yeah

Cause life is just a melody
So why don't all the pissy people go ahead and sing it
with me
Everybody sing it with me
Life is just a melody
So why don't all the pissy people go ahead and sing it
with me, yeah

Cause life is just a melody
So why don't all the pissy people go ahead and sing it
with me
Everybody sing it with me
Life is just a melody
So why don't all the pissy people go ahead and sing it
with me, yeah

Cause life is just a melody
So why don't all the pissy people go ahead and sing it
with me
Everybody sing it with me
Life is just a melody
So why don't all the pissy people go ahead and sing it
with me, yeah
