If its not those cowboy boots in the summer
Oh my God I pray for another
Chance to drive down back highways
Til I stumble upon your beautiful face
Your presence isn't what kills me
It's that artistic gleam
That's taking over my scenery
Dream by dream

You might think I'm incapable
Of loving a soul like yours
You might think I'm a fool
For you

Girl you got style
That what I love about you
The way that you sit back, Oh how you sit back
And watch this grow
You got dreams
And therefore I believe in you
All the small town people with their big remarks
They aint got jack to say about my movie star

Shes got style, ba da da da,da da da-da da,
Ba da da whoooooo, ohhhh, oh, oh ho ho yeah,
Shes got style ,ba da da da,da da da-da da, ba da da
Whoooo who who youuu, oh oh oh

If its not the fact that I'm a wee bit younger
Or the truth that I'm so naive
See,my heart keeps leaping back to you
Like a dog tied to a tree
I know it sounds crazy
Its ridiculous to me
But without you by my side girl

You might think I'm incapable
Of loving a soul like yours
You might think I'm a fool
For you

Cause' girl you got style

And thats what I love about you
The way that you sit back, oh how you sit back
And watch this grow
You got dreams
And therefore I believe in you
All the small town people with their big remarks
They aint got jack to say about my movie star

Shes got style, ba da da da,da da da-da da,
Ba da da whooooooo, ohhhhh, oh, oh ho ho yeah,
Shes got style ,ba da da da,da da da-da da, ba da da
Whoooo who who youuu, oh oh oh,
All the small town people with their big remarks
They aint got jack to say about my movie star
She's got style
