And if I was a sailor
I'd sail the seven seas
To tell you baby I don't want you to leave.
You see this world is such a sad place
And without, your pretty face
Im sure it's, gonna wind up much worse

And I know that you'll see someday that I can't live
without you,
And I know what I say is true cause I'm so stuck on you
girl

Im in love from the first time I let my eyes on you
I sure do do do do do now
And there's nothing I can do-o-o-o-o-o
And I'm in love from the first time I let my lips on your's
Now you're walking out my door
And there's nothing I can do-o-o-o-o-o

And if I could explore the world

I'd bring you along
We'd go to New York to Timbuktu
But truly I am set
Right here at Denny's drinking coffee and sharing a
cigarette

And I know that you'll see someday that I can't live
without you,
And I know what I say is true cause I'm so stuck on you
girl

Im in love from the first time I let my eyes on you
I sure do do do do do now
A there's nothing I can do-o-o-o-o-o
And I'm in love from the first time I let my lips on
your's
Now you're walking out my door
And there's nothing I can do-o-o-o-o-o

I'm in love with you.
