I don't know how to put this right
Except we're screaming at the stoplight now
And I can't breathe
Whoa

I got the notion through all this commotion
That I was in the wrong
Through trial and error
I found myself putting on things I hate

If I had a dime for every apology,
That was never said I'd be a rich man

Where do we go when no one's home?
Where do we run when I'm alone, alone?
Where do I hide when I'm afraid
Afraid the world is gonna change
Without me?

I strategize playing tic-tac-toe
And dominoes
Anything to get me through the day
I strategize playing tic-tac-toe
And dominoes
Anything to get me through the day

This is me trying to live my life
With your standards, your god-awful standards
They wear me down
Whoa

Where do we go when no one's home?
Where do we run with I'm alone, alone?
Where do I hide when I'm afraid
Afraid the world is gonna change
Without me?

Where do we go when no one's home?
Where do we run with I'm alone, alone?
Where do I hide when I'm afraid
Afraid the world is gonna change
Without me?
