I don't know how to put this right
except we're screaming at the stoplights now
and I can't breathe, woo

I got the notion through all this commotion
that I was in the wrong
through trial and error
I found myself holding on to the things I hate

if I had a dime for every apology
that was never said I'd be a rich man

where do I go when no ones home
where do I run when I'm alone, alone
where do I hide when I'm afraid
Afraid the world is gonna change without me

I strategize, playing tic tac toe or dominos
anything to get me through the day
I strategize, playing tic tac toe or dominos
anything to get me through the day

this is me trying to live my life
by your standards, your god awful standards
they wear me down, ohh

where do I go when no ones home
where do I run when I'm alone, alone
where do I hide when I'm afraid
Afraid the world is gonna change without me

where do I go when no ones home
where do I run when I'm alone, alone
where do I hide when I'm afraid
Afraid the world is gonna change without me
