

Gracious Few "Closer"

Visit "[Closer](#)" on MotoLyrics.com

I have been wronged by you
Someday you'll someday you'll see
What has been done brings you
Closer to closer to me

The closer that we grow, always high always low
The harder that we fall, always right always wrong
I have been wronged by you
Someday you'll someday you'll see
What has been done brings you
Closer to closer to me

Unbroken, and reborn, second sight & well worn

Unbridled and restless, reminded & venomous
I have been wronged by you
Someday you'll someday you'll see
What has been done brings you
Closer to closer to me

Did you say you never meant it?
Did you scream it out loud?
Someday you'll someday you'll be
A ship afloat an endless road an empty soul & nothing
to me
