Front Page Killer

Words by Diego Garc a

Verse

The phone rings at home, the phone rings for me
There's no one around, no one she could see
 Hello?  were her words  Hello, are you alone? 
A silence stopped, a voice now long gone
 Who is there?  she said  Who is there?  repeat
 I love you so much, you're dressed to sleep 
She hang up right there, I'm calling again
Don't doubt little girl your fate's gonna change

Chorus

It's just a crime
One more murderer
Sixteen stabs
And one shot in the head
Not too much to stay
In the front page
Not too much to care

Verse

The phone rings again, don't make me wait
I see you standing, and looking away

 That's it  I said, and hanged up
I'm coming for you, sweet girl of the night
The lights now go off, alone in the dark
Well not alone, no more for my sweet heart
I'm coming for you, can you see me?
She started to scream,  Don't you dare to scream
(at) me!

Chorus

It's just a crime
One more murderer
Sixteen stabs
And one shot in the head
Not too much to stay
In the front page
Not too much to care

Solo

Chorus

It's just a crime
One more murderer
Sixteen stabs
And one shot in the head
Not too much to stay
In the front page
Not too much to care

Cut, die, die, die(x3)
Cut the Life
