My life used to feel so safe and secure
Bein' on my own independent and self-assured
Didn't need nobody to complicate my life
Then like a bolt out of the blue
You caught my eye...

And that's exactly what I didn't want to happen
One look was all it took and that was it
Yeah, you came along with a love so strong
My heart didn't stand a chance when you flashed that
Tell me where ya been all my life kind of grin
And that's exactly what I didn't want to happen
But I'm glad it did

Yeah, I used to stay home watch TV by myself
Didn't have to share my remote control with anybody
else
I used to find peace of mind in my solitude
Now I'm goin' crazy every minute without you

And that's exactly what I didn't want to happen
But you and me had to be a perfect fit
Yeah right from the get go I couldn't let go
Lookin' in your eyes it felt so right
I said I want some more of this
And that's exactly what I didn't want to happen
But I'm glad it did

I wasn't livin' til I found your love
I didn't know that what I really needed was

Exactly what I didn't want to happen
Exactly what I didn't want to happen
Yeah you came along with a love so strong
My heart didn't stand a chance when you flashed that
Tell me where ya been all my life kind of grin

And that's exactly what I didn't want to happen
But you and me had to be a perfect fit
Yeah right from the get go I couldn't let go
Lookin' in your eyes it felt so right

I said I want some more of this
And that's exactly what I didn't want to happen
Exactly what I didn't want to happen
Exactly what I didn't want to happen
But I'm glad it did,
Oh I'm glad it did

And that's exactly what I didn't want to happen
But I'm glad it did
