First Verse

I woke up to the morning light
Creeping through the bedroom blinds. Ohhh
Im reminded that you're not by my side
And it's been quite some time. Ohhhh

Pre-chorus

If I could sing out your name
Would you hear me, Love
And would you feel the same
If I said I need you..

Chorus

Here with me
Closer, than ever before
Here with me
I love you, I still do yeah

The ocean, the sunlight
When I found myself in your eyes
Here with me, tonight
Here with me

Verse 2

Now its 2 am and im awake
Staring at a picture frame. Ohhh
There's so many things I want to see
Weary friend and miles away. Ohhh

Prechorus

If I could sing out your name
Would you hear me, Love
And would you feel the same
If I said I need you..

Chorus

Here with me
Closer than ever before
Here with me
I love you, I still do yeah

The ocean, the sunlight
When I found myself in your eyes
Here with me, tonight
Here with me
Ohhhh. Ohhhh. Ohhhh

Bridge

I told you once that I still feel this
We're in love, nothing can steal this now
Yeahohhhh

Chorus x2

I need you here with me
Closer than ever before
Here with me
I love you, I still do yeah

The ocean, the sunlight
When I found myself in your eyes
Here with me, tonight

I need you here with me
Closer than ever before
Here with me
I love you, I still do yeah

The ocean, the sunlight
When I found myself in your eyes
Here with me, tonight
Here with me..
