I am here
But am I still alive?
You broke me down
But somehow I survived
I never thought that I could leave it
I can't believe it
It's gone

You'll never hear me say
That I wanted it this way
It hurts me every time I breathe
No matter what I'm told
I'm left out feeling cold
But I know I needed this all along

Say farewell
To everything that binds
Take this heart
It was never even mine
I never thought that I could leave it
I can't believe it
It's gone
Your bloodstains and scars
Are much worse than ours
And Your breaking and healing
Has taken me this far
I never thought that I could leave it
I can't believe it
It's gone
