I want to come closer but you are so distant
Lately your thoughts are so far
And I want to show you all that you're missing
I'll meet you right where you are

Oh love, I've always known you
Oh love, you've always been mine
Oh love, I'm only asking you for your life

Say that you need me, I know what you're feeling
You cannot do this alone
I gave my word and I gave you my life
So you'll never be on your own

Oh love, I've always known you
Oh love, you've always been mine
Oh love, I'm only asking you for your life

Is this what you wanted?
Is this what you needed?
(You're waiting for this life to be
What you've been waiting for)

Oh love, I've always known you
Oh love, you've always been mine
Oh love, I'm only asking you for your life

Oh love, I've always known you
Oh love, you've always been mine
Oh child, I'm only asking you for your life
