

Hoodless "Innocent"

Visit "[Innocent](#)" on MotoLyrics.com

Walking down this street I feel so cold
Where the love is cheap I'm not alone
Do you ever feel like you just don't belong?
Step right in we'll help you if you sing along

(CHORUS)

We are not so innocent, and we never were
So, please don't take our disrespect to mean that we
don't care

Want to burn it all down to the ground
Feel like self-destruction gets you found

If I knew a better way I might have stopped
Hitting bottom just so I would know which way is up

(CHORUS x2)

I know what's right
But sometimes I would rather choose the wrong way
Choose the wrong way

(CHORUS x2)

I know what's right
But sometimes I would rather choose the wrong way
