Mmmm yeah

Last night I found a box of pictures, pictures
Each one a memory of us uh, uh, uh
Each one reminds me how we used to be together
Can we get it back? Can we get it back?

I used to never worry about you
I thought the past was dead and gone, gone
Now I'm sitting here flipping, smiling, and reminiscing
Wishin' you were in my arms
And for so long I tried to cover up
But I guess it wasn't good enough

This could be dangerous
This could be dangerous
How can I be sure this time that I'll be enough
Can't let it go right now
You got me curious

This could be dangerous
This could be dangerous
But I can't let this feeling of mine
Keep me from love this time
Sometimes you got to let go
This could be dangerous, dangerous
This could be dangerous, dangerous

I never though that we would ever, ever
Come and I would take you back, back
But I feel like even though this could get crazy
I can't forget what we had, had
And for so long I tried to cover up
But I guess it wasn't good enough yeah

This could be dangerous
This could be dangerous, dangerous
How can I be sure this time that I'll be enough
Can't let it go right now
You got me curious, curious
This could be dangerous
This could be dangerous, dangerous

But I can't let this feeling of mine
Keep me from love this time
Sometimes you got to let go, let go yeah

I told myself over and over
You've hurt me once but it won't happen again
But this box full of old faded pictures
Will look at your face makes me remember
Dangerous, so dangerous

And now you got me curious
This could be dangerous, dangerous
This could be dangerous, dangerous
How can I be sure this time that I'll be enough
Can't let it go right now
You got me curious, curious

This could be dangerous, dangerous
This could be dangerous, dangerous
But I can't let this feeling of mine
Keep me from love this time
Sometimes you got to let go, curious

This could be dangerous, dangerous
This could be dangerous, dangerous
How can I be sure this time that I'll be enough
Can't let it go right now
You got me curious, curious

This could be dangerous, dangerous yeah
This could be dangerous, dangerous
But I can't let this feeling of mine
Keep me from love this time
Sometimes you got to let go yeah, yeah, yeah
This could be dangerous
