I wish that I could be the one to
Take the pain that I see in Your eyes
Make you happy feel the joy that I feel
There's nothing that I'd rather do

Than take away all of your burdens
Just lay them at my feet
I'll give you strength to overcome
I'll take your hand when you get weak
All I'm asking is a chance to let you see
What you've been missing all this time

Peace like a river you'll find that it's never ending
A wellspring of joy oh your cup will be overflowing
Try Me and see I can be all you need
If you'll let me

It's killing me to watch you suffer
That I've got all that you need to get by
All you have to do is call on My name

And I'll be right there for you

I can take away all of your burdens
Just lay them at my feet
I'll give you strength to overcome
I'll take your hand when you get weak
All I'm asking is a chance to let you see
What you've been missing all this time

I'll give you...

Peace like a river you'll find
That it's never ending
A wellspring of joy
Oh your cup will be overflowing
Try Me and see I can be all you need
If you'll let me

It's enough just to say that I need you
And I'll be there right away
When you call on My name don't be afraid

'Cause this perfect love will cast away
You deepest fear
