So it turns out
That we may never get
To walk this road again
As we both wander on our way
Ooohhh (x2)

Could there be reason
For this settlement
Do I still love you now?
Coz it's never quite the same for everyone
I guess I still had a lot to learn from
So don't think that I need you to save me now
Ooohhh
Dont think that I need you to hold me
Ooohhh

I spent all this time without you
Without you telling me how
Not to live my life as I do
But don't think that I need you to save me
And don't think that I need you to show me how
And don't think that I need you to tear me down
And don't think that I won't start anew

You should never try to change somebody
Coz you know you have to make your own way too
You can only ever say you'll be there
You can only say you'll hold my hand
Ooohhh

So it turns out that we may never get
To walk this road again
