I'm goin' out tonight,
My bodys feelin' right,
Without you by my side,
Don't need you by my side.
'Cause you always wanna leave,
And I'm missin' my ladies,
Passenger to drivers seat,
Baby pass me my keys.

You see the last time I checked,
I could do for myself.
I can walk all on my own,
And I don't need your help.
You see the last time I checked,
I could do for myself.
I can walk all on my own,
And I don't need your help.

Last time I checked,
Last time I checked,
Hey oh.
Last time I checked,
Last time I checked,
Hey oh.

Big hair and sexy shirts,
We tease we play we flirt,
Tonight I'll make you work,
Ima make you work.
We're walkin' arm and arm,
Boys fallin' for our charm,
I'm feelin' like a star,
So sexy like a star.

You see the last time I checked,
I could do for myself.
I can walk all on my own,
And I don't need your help.
You see the last time I checked,
I could do for myself.
I can walk all on my own,

And I don't need your help.

Last time I checked,
Last time I checked,
Hey oh.
Last time I checked,
Last time I checked,
Hey oh.

How do you like sittin' home alone,
Checkin' your phone get my busy tone,
Oh it feels good to reverse the table,
Bet you didn't know that I was able.
Text or bbm me I hit delete,
I'm too lost dancin' in this beat,
DJ baby hit repeat,
Hit repeat,
Hit repeat.

Last time I checked,
Last time I checked,
Hey oh.
Last time I checked,
Last time I checked,
Hey oh.

You see the last time I checked,
I could do for myself.
You see the last time I checked,
I could do for myself.
