She said she don't speak French but she'll tongue
me down

Tu tongue me down, tu tongue me down (x4)

She was a daddy's girl, never left the house with a
skirt on

Chick was so shy she used to swim with a shirt on

Had boyfriends but never let em make a move

And she stuck to that rule until she let me in the room

She started wildin' out like a day old nympho

Her panties just drop like the trey songz intro

Waited for a minute then was good for bout a week

Then I licked it up and denny's took her pussy out to
eat

I ain't backin out from nothin girl, trust me I'm
naughty

I ain't scared of that kitty, I play jimanji

You go both ways, tell your friends make it stop

Girl I get crazy when that nicki minaj

I do it like a macbook, lemme tell you how

Take it out, turn her on, now use it and shut it down

People lie about they sex but my pipes are truest

Now she ain't goin nowhere, Iceland tourists

When we went to new York, we was at it every night

And she gave the best brain, an empire state of mind

I try to make her mine, I think she worthy

She always suck me up so I nicknamed her Kirby

I'm way too grown for these grownass kids

So we tryna get a lick, but they don't give in

I don't got no time for that shit, where the fuck is Kat
stacks?

And if she lyin, put me on, she better say I bashed it

And F a blog, MTO you can suck my naz

Use it how you wanna use it, fans never trust a fraud

Only 18 but I'll flip ya like a chevy

Grown man you leavin me for be runnin outta breath

And you talkin all that mess what you trippin fo

Be like boy you young, well bitch you old

Guess my swag turned her on, or I think it shocked her

Now her head under the blanket like she seen a

monster

After that I eat it make her masterbate from thinkin
man

I got her with the business with no application needed
and to say the least at least I made her happy what you
gon do?

Man I put it down like a cali nigga supposed to

She said she don't speak French but she'll tongue
me down

Tu tongue me down, tu tongue me down (x4)
