You don't believe me
I can tell it by your eyes

There's a kind of magic to be
had from your lies.
I used to say that today
is like tomorrow

Don't sell it short for truth.
I should have known
I should have known
should have known how

I should have known
I should have known by now
but now
Everything is coming up roses
everything is coming up roses.

You don't understand it
I can tell it by your smile

There's a kind of freedom to
be had from your lies.
I always said that today
is like tomorrow

Don't sell it short for truth.

I should have known
I should have known
should have known how

Everything is coming up roses
everything is coming up
coming up
Everything is coming up roses
