I confirm there's a ghost inside my head
Replaying every word she said
And I'm well aware
She is alive and she is here
There's a body in my bed
I said I'd kill to have
But this time something different
Like the way she's always listening
Every time I'm fighting of my demons
Every time she's right beside them

I'm a sucker for confusion
This is a battle I'm not losing
There's a voice in my head calling me a liar
A liar

Oh how we play our little games
How we turn to evil ways
To always burn love at the stake
Crawling in and out of beds
Flesh dying to taste flesh
Oh what a mess

I'm a sucker for confusion
This is a battle I'm not losing
There's a voice in my head calling me a liar
A liar

One day you left
The day I die

I'm a sucker for confusion
This is a battle I'm not losing
There's a voice in my head calling me a liar
A liar

Oh how we play our little games
How we turn to evil ways
To always burn love at the stake
Crawling in and out of beds
Flesh dying to taste flesh

Oh what a mess
