Hey hey hey it's weird,
my friends are coming
I will reveal them,
all the things you used to have
cause I've got pieces in my soul
and a lover in my heart I can't deny.

This bloody something
that freaks me out
until the dark makes me say
I love you, I love you!

Blues and jazz and pop
and rock 'n roll are crazy,
these are the rhythms all my life
I used to keep
but I'm afraid I cannot shine
cause I'm afraid of all these things
I can't describe.

I've got to push it on my pillow
I've got a drum dah rah rah
I love you, I love you!

No no no no don't call me nasty, baby
I can't remember all the things
I used to hide
cause I've got pieces in my soul
and a lover in my heart I should deny.

This bloody something
that freaks me out
until the night makes me shout
I love you, I love you
I love you, love me too!

Where's that boy?
Where's that look?

Where's that look in your eyes
that turned me on?
