Blame all rays
I'm gonna read that, baby,
so take your time
cause at least you know my name
Come into my life day or night
I'm gonna wait, my darling,
but take me home
just before you get awake
just before this lighter fades
just before my music breaks.

Look there upon the tune
I feel your heart is wasted
and I feel so tired
as these words become my prayer
I will try and hide.
I feel your mind is wasted
with these beautiful insides
with these beautiful empires
with these beautiful old times
without sunshine
without sunshine.
