27 of December is arrived and I think it's Saturday  
Greece is turning into white and it is cold  
We don't really care

I keep thinking of the way that we were met  
Feels like it's a fairy tale  
You're the princess the most beautiful I've seen  
I am just a prince

I can make you play  
I can make you smile  
I can make you safe in my foolish arms

You're my sweetest kiss  
You're my immortality  
You're my pretty world world  
Spins inside my little mind little mind  
Now we're kissing and we're saying to each other  
Just a little I do  
But the thing is what we really want to say  
It cannot be said

And I promise I will never let that death  
Take you from me anyway  
I'll throw us stars stars stars  
☐☐To wish we'll never die

You're my brightest sun  
You're my crystal sea  
You're my loudest rhythm  
Beats inside my heart

I will make you laugh  
I will make you fly  
☐☐To the shiny skies  
Where we'll live in happiness
