i care if you're killing the same four chords try 'em outta key in a minor key and the socialist card doesn't open doors reminding me that anarchy...

remember my creed if you can whatever you say whatever you say whatever you say to me is potentially damaging

you swing like a kid in a candy store is the sugar sweet in the bitter treat? hang on the words of the corporate whores you're numbing me with your critique

remember my creed if you can whatever you say whatever you say whatever you say to me is potentially damaging

only you only you know the story hold your tongue for me

whatever you say whatever you say whatever you say to me is potentially damaging is potentially damaging
