Baby, I see you've made yourself all sick again  
Didn't I do a good job of pretend?  
Baby, you're saying that the victim doesn't want it to  
end  
Good, I get to dress up and play the assassin again

It's my favorite, it's got personality  
I should have seen this shit coming down the hall  
Every night, I spent in that bed with you facing the wall  
If I could have only once heard you scream

To feel you were alive  
Instead of watching you abandoning yourself

Baby, you can open your eyes now  
And please allow me to present you with a clue  
If I inflict the pain  
Then baby, only I can comfort you, yeah

Out of the night we come  
And into the night we go  
If it starts to hurt you  
Then you have to say so
