If I Could

I feel your breath beside me  
As you wrap your arms around me  
Wish we could stay like this forever  
Just shut the lights  
And close the blinds  
Just you and me tonight

If I could stop the world from turning  
Oh I would hold this feeling in my heart  
And never let go  
If I could stop the world  
My love would keep on burning  
If I could freeze the hands upon the clock I would  
Baby if I could....  
Baby if I could....

If thunders rolling in the distance  
Or if there's raindrops drowning our existence  
If lightning dares to flash above us  
Just shut the lights  
And close the blinds  
Just you and me tonight

If I could stop the world from turning  
Oh I would hold this feeling in my heart

And never let go  
If I could stop the world  
My love would keep on burning  
If I could freeze the hands upon the clock I would  
Baby if I could....

If I could only find a way  
To make this last just one more day

If I could stop the world from turning  
Oh I would hold this feeling in my heart  
And never let go  
If I could stop the world  
My love would keep on burning

If I could freeze the hands upon the clock I would  
Baby if I could....  
Baby if I could

If I could stop the world  
My love would keep on burning  
If I could freeze the hands upon the clock I would  
Baby if I could....  
Baby if I could..
