(Allen Frey, James Baker)

Some coming in buses and trains
Some coming on airplanes
Some coming in big fine cars
But when they get here, they know just where they are
Bright lights, big city
Everything's so pretty
In the city
Well, tonight

First you love me, then you push me away
We're in love again the very next day, yeah yeah
As we took the time to give love our all
I hope our love will stay and our love won't fall

Now are you ready to get on down?
Go on and do it right now
I tried hard not to love you
What can I say, girl?
I rush in just for you
I'm falling deeper, deep
I'm falling deeper, ooh ooh ooh

Hey hey-ey-ey yeah
La la la
La la la la, mmm

It took such a long, long time for me to get out this way
But now that we're here, I wanna say
Now it took a long, long time for me to give you this call
But now that you're here, don't let me fall
Hang on, girl
We're moving fast
We known each other at last
You gave me feeling that I can't control
Makes me move from side to side
Makes me move a little more so
I'm falling deeper, deep
I'm falling deeper, ooh
Well, well

[SAXOPHONE SOLO]

So are you ready to get on down?
Go on and do it right now
I try hard not to love you
What can I say, girl?
I rush in just for you
I'm falling deeper, deep
Deeper, oooh
Well, well
Na na na
