Let her cry
for she's a lady
Let her dream
for she's a child
Let the rain fall down upon her
She's a free and gentle flower growing wild

And if by chance that I should hold her
Let me hold her for a while
And if allowed just one possession
I would pick her from her garden to be mine

Be careful how you touch her for she'll awaken

And sleep's the only freedom that she knows
And when you look into her eyes you won't believe
For the way she's always paying for a debt she never
owed
And a silent wind still blows that she can only hear
So she goes

Repeat chorus 2x

She's my free and gentle flower, growing growing
growing wild
She's a free and gentle flower
growing growing wild
She's my flower,
growing growing growing wild
Growing growing growing growing wild
She's my free and gentle flower
