Face contorting

And sight distorting

With dread in my head

Bring me back to health with radiation

I need that Easter Island radiation cure

Tubes supporting

My skin absorbing

Explain your symptoms

Brain exploding

My guts eroding

Iâ'm dead in my bed

Bring me back to health with radiation

I need that Easter Island radiation cure
Ooooh, fight seas conquer monsters.

Fight seas conquer monsters end up on the island

Dig up bones and diamonds eat them gently for me

Kong and Josef Stalin waiting on the island

Find a place to tan with Geraldo and Maury

Bring me back to health with radiation

I need that Easter Island radiation cure

(x2)
