Paradise wasn't lost it was swallowed
It's hard to do hard drugs when you're followed
Take a quick sit have a lil sip sip
Come get addicted, suck dick just to feed it
But be aggressive, B-E Aggressive
Must be tough when you're always defensive
But now I'm tired, tttttttired
And if I were any higher, I'd set this stage on fire
Let's go do drugs
Get fucked, get fucked, get fucked
Get fucked, get fucked, get fucked
(x2)
Hello I'm atom, you're evolution
You raise hopes, I break delusions
You're giving up. I'm retribution.
You're the problem. I'm the solution.
You call it a vocal style, I call it "can't sing"
I call it an imitation; you call it the real thing
But sorry what? Drink then we fuck
Grab the bull by the horns
Cross your fingers for luck
Tell your boss in the morning you were hit by a truck

Well what can I say, it seems like Iâ€™m stuck

Letâ€™s go do drugs

Get fucked, get fucked, get fucked

Get fucked, get fucked, get fucked

(x2)

Letâ€™s go do smack

Shoot up, shoot up, shoot up

Shoot up, shoot up, shoot up

Letâ€™s go do drugs

Get funky funky funky FRESH

Letâ€™s go do drugs

Get fucked, get fucked, get fucked

Get fucked, get fucked, get fucked

(x2)

Letâ€™s go do smack

Shits wack, shits wack, shits wack

Shits wack, shits wack, shits wack

Letâ€™s go do drugs

Get fucked, get fucked, get fucked

Get fucked, get fucked, get fucked

Get fucked, get fucked, get fucked

Get fucked, get fucked, get fucked
