Senses are steel bars

The pace like a cop car

Lungs filled with black tar

Seems close, but feels far

We may lead different lives my darling

Just don't stop my escape my dear

I know your eyes are always watching

Just don't stop my escape my dear

Soul search, you will find

That souls are bound by time

I know I can't lie

But life is better when you're high high high

We may lead different live my darling

Just don't stop my escape my dear

I know your eyes are always watching

Just don't stop my escape my dear

I just wanna fly this bitch into the sun

I just wanna fly this bitch into the sun

Fly this bitch into the sun (x2)

We may lead different live my darling

Just don't stop my escape my dear

I know your eyes are always watching

Just don't stop my escape my dear

(x2)

Underneath: Just leave me. I'm drowning.

I'm not glad that you found me
