I think Iâ€™m fading

Are you fading too?

Look right through me

All you far and few

I think Iâ€™m changing

Are you changing too?

It seems weâ€™re changing

Into something new

But baby

When you turn me on donâ€™t

Forget to turn me off

Cause when the sun goes down

My brain runs around all night

But thatâ€™s alright

(x2)

I think Iâ€™m crazy

Are you crazy too?

Youâ€™re crazy for me

And Iâ€™m crazy for you

I think Iâ€™m changing

Are you changing too?

It seems Iâ€™m changing
To your point of view

But baby

When you turn me on donâ€™t

Forget to turn me off

Cause when the sun goes down

My brain runs around all night

But thatâ€™s alright

(x2)

Weâ€™ve got problems and time to solve them

Waiting for the day

And Iâ€™m haunted with feeling wanted

Waiting for the day

But baby

When you turn me on donâ€™t

Forget to turn me off

Cause when the sun goes down

My brain runs around all night

But thatâ€™s alright

(x2)
