If I were in any deeper

I wouldn't be able to see where I end

She comes onto me like a flame on a forest

Ya gold is good

But not to eat

Play fisticuffs

Keep it discrete

Can't stop now, all these things just keep on giving
me

Sick thoughts growing in the Vaseline

Sick thoughts coming through the TV screen

Sick thoughts bathing me in kerosene

Flip, skip, lighting it, burn me back to shit

As you kick, and you scream, and you make a big
scene

Wanna see what I mean? But you're high now

Now you beg and you plead and you yell baby please

Wanna be close to me? You're gunna die now

Then you kick, and you scream, and you make a big
scene

Wanna see what I mean? Say goodbye now

And you twist and you bleed, now I'll break the routine

But I'm clean and serene? Cause I'm high now

SICK THOUGHTS (x4)

If I were anymore bitter

Iâ'd shut the blinds and board up the doors

She comes onto me like a bull through a bloodbank

Unlace a friend

Theyâ'll start to bend

Breath deeply and Do it again

Canâ't stop now, these things just keep on giving me
Sick thoughts growing in the Vaseline

Sick thoughts coming through the TV screen

Flip, skip, lighting it, burn me back to shit

SICK THOUGHTS (x15)

As you kick, and you scream, and you make a big
scene

Wanna see what I mean? But youâ're high now

Now you beg and you plead and you yell baby please

Wanna be close to me? You're gunna die now

Then you kick, and you scream, and you make a big scene

Wanna see what I mean? Say goodbye now

And you twist and you bleed, now I'll break the routine

But I'm clean and serene? Cause I'm high now

Underneath: Ya gold is good, but not to eat. (x2)
