All the world Could Fade away
Your the only one id miss if you were gone
I just cant believe You cant see What i see in You

who said life was easy
when your back is up against the wall
everyone just stares right through you
like your not even there at all
those times you look inside
to see if something is beating
so you could feel alive
well do you feel alive

All the world Could Fade away
Your the only one id miss if you were gone
I just cant believe You cant see What i see in You
Oh im the only one need but you oh you dont see what i
see in you

Your who you hope to be
i can see your disappointed eyes
its like your running from the one you've always tried
to hide
i have searched the world to find some one like you
so i could feel alive!

All the world Could Fade away
Your the only one id miss if you were gone

I just cant believe You cant see What i see in You
Oh im the only one need but you oh you dont see what i
see in you

are beautiful beyond all I've ever seen and
you are all that i need all I've ever needed
you are all that i need all I've ever needed

All the world Could Fade away
Your the only one id miss if you were gone
I just cant believe You cant see What i see in You
Oh im the only one need but you oh you dont see what i
see in you

All the world Could Fade away
Your the only one id miss if you were gone
I just cant believe You cant see What i see in You
Oh I'm the only one need but you oh you dont see what
i
see in you
Oh Oh I'm the only one you need but you
Oh Oh You don't see what i see in You

All the world Could Fade away
Your the only one I've ever needed
Your the only one Ill ever need!
