HEART OF AN ANGEL

Rory and Friends

When my whole world is sad
it's you baby that I need
When my whole world is sad
it's you baby that I need
You've got the glory of a goddess
heart of an angel

When I'm blue and alone
It's you baby that I need
When I'm blue and alone
It's you baby that I need
You've got the glory of a goddess
Heart of an angel

I sure would have lost my way,
never found my way home
only if you were not there

if you never were mine
I sure would have lost my way,
never found my way home
only if you were not there
if you never were mine
You've got that glory of the goddess
Heart of an angel

When my whole world is sad
it's you baby that I need
When my whole world is sad
it's you baby that I need
You've got the glory of a goddess
heart of an angel
